Data Standards Hackathon: 16 & 17 September and all-day 18 September

We are also holding a hackathon that will be focused on HLA & FHIR.

- The hackathon will take place online, using GitHub, WebEx and slack.
- The first two days will run 1pm to 5pm CDT, and there will be one channel set up for guided discussions, as well as the opportunity for collaborative coding.
- The final day will be 9am to 5pm CDT, and this session is intended to concentrate on coding. Suggestions for areas to work on, and a place to record your preferences, can be found at <https://www.surveymonkey.com/r/Q99B5V9>.

To register for any of these free events, or for more information, please contact mwright@nmdp.org saying which event(s) you intend to attend.
